

There's no other word for it. Key Senators in Congress are selling us out, caving to pressure from Monsanto and giant food corporations.

July 1st should be victory day for GMO labeling. We're set to make history with clear labeling requirements that go into effect that day. But a couple of Senators made a backroom deal at the last minute to kill all state GMO labeling laws. **This is completely unacceptable.**

9 out of 10 Americans think GMOs should be labeled. It's time to demand that our Senators stand up for their constituents - not corporate lobbyists!

Call **1-855-977-1770** now and tell your Senators: **DON'T BLOCK STATE GMO LABELING LAWS!**

[Once you're done, tell us how your call went.](#)

URGENT: Call Your Senators at 1-855-977-1770 or GMO labeling will be defeated!

Some of our Senators are so deep in the pockets of Monsanto and Big Ag that they're pushing through a last minute bill to block historic GMO state labeling laws. We won't have it! Call your Senators and demand they stand up for our right to know what's in our food.

Then, tell us that you called.

Yes, I called!
